## CELEBRATING OUR 40TH YEAR IN THE INDUSTRY...

Yıldız Group with its vast know-how, strong corporate culture, advanced technical infrastructure, management competencies, expanded year by year portfolio and developed business partnerships, the Company continues to be a preferred business partner worldwide by carrying its leading position in the national market to the global arena.

The secret of our success lies in differentiation:

In the construction sector our company stands out with its modern corporate management approach, strong financial structure, and the modern machinery range; It is considered as a strong and prior business partner which is followed with appreciation in international business circles.

We continue to work for a more livable world:

As a profitable and productive company, we are working hard to build a better future. As Yıldız Group family, we are guided by our corporate values in order to reach our goals. As long as we increase the customer satisfaction and the trust of our business partners, we are confident that we will achieve higher goals.

Chairman of the Board  
Doğan YILDIZ
